Subject: Tucson Iron and Metal

Hi Roshni,

It was good to hear from you yesterday. We have a few updates to the Tucson Iron and Metal compliance action and are available today to discuss them. I would be happy to set up a MS Teams meeting to invite you, and any of your staff. PDEQ staff are scheduled to meet with the source on Monday at 1pm via a conference call, so it would be great if we touch base before we meet with the source.

Thank you

Rupesh Patel, Air Program Manager
